Cancer Meet-2026

Global Summit on
**Cancer Research and
Novel Drug Development**

March 16-17, 2026

PROGRAM

+916304117143

CancerMeet-2026@science-quest.com

<https://www.cancerresearch.thesciencequest.org/>

Day 1 (March 16, 2026 Greenwich Mean Time (+00:00))

08:30-08:40

AV Check

08:40-09:15

Keynote

Title: TBA

AKIHISA SHIOZAWA, *Japan*

09:15-10:40

Featured

Title: The effect of histone methylation on osteoblastic differentiation of human periosteum-derived cells cultured in vitro

Chang-Hoon Sung, *University of Ulsan, South Korea*

10:40-11:05

Featured

Title: Marsupialization in Management of The Huge Cystic Lesions of the Jaws

Jeonguk Park, *University of Ulsan, South Korea*

11:05-11:40

Keynote

Title: Deferoxamine Suppresses Collagen Cleavage and Protease, Cytokine, and COL10A1 Expression and Upregulates AMPK and Krebs Cycle Genes in Human Osteoarthritic Cartilage

Elena Tchetina, *Nasonova Research Institute of Rheumatology, Russian Federation*

11:40-12-15

Keynote

Title: Oral hygiene product for product-based tooth whitening natural curcumin

NAWEL ALLAL, *University of Tlemcen, Algeria*

12:15-13:00

Plenary

Title: When Climate Affects Smiles: The Impact of Climate Change on Children's Oral Health

Bouchra Badre, *Sidi Mohamed Ben Abdellah University, Morocco*

13:00-13:35

Keynote

Title: Medication related osteonecrosis of the jaw in pediatric population : case of a child with osteogenesis imperfecta

Mohammed Farouk, *Sidi Mohamed Ben Abdellah University, Morocco*

13:35-14:00

Featured

Title: Enhancing Preclinical Fixed Prosthodontics Education with 3D Printed Teeth

wahid hafssa oumayma, *Sidi Mohamed Ben Abdellah University, Morocco*

14:00-14:25 Featured	Title: Innovating Pediatric Dental Care: Non-Pharmacological and Technological Strategies for Anxiety and Behavior Management Fatima Ezzahra Elgasmi , <i>Sidi Mohamed Ben Abdellah University, Morocco</i>
14:25-15:00 Keynote	Title: Odontogenic keratokyste : a case report and literature review Mohammed Farouk , <i>Sidi Mohamed Ben Abdellah University, Morocco</i>
15:00-15:25 Featured	Title: Pediatric composite crowns : a case report Nidal Elmoutawakkil , <i>Sidi Mohamed Ben Abdellah University, Morocco</i>
15:25-15:50 Featured	Title: TBA Natasha Quyn , <i>United Kingdom</i>
15:50-16:25 Keynote	Title: Exploring Cross-Discipline Collaboration: Dental, Public, and Systemic Clinical Health Considerations Markie Twist , <i>Antioch University, United States</i>
16:25-17:05 Keynote	Title: Advancing Glioblastoma Treatment Through Elastin-Like Polypeptide–Based Targeted and Local Drug Delivery Systems Drazen Raucher , <i>University of Mississippi Medical Center, United States</i>
17:05-17:40 Featured	Title: Hospital Dentistry: Challenges, Treatment Modalities, and Clinical Considerations Mor, Lavika , <i>University of Michigan, United States</i>
17:40-18:05 Featured	Title: How Chitosan Hydrogel Reinvents Dentin Protection Against Erosion Shelyn Yamakami , <i>Harvard School of Dental Medicine, United States</i>
18:05-18:30 Featured	Title: Development of Preformulation Forms of C14 and P8 Compounds and Evaluation of Their Antineoplastic Activity in PDAC Cell Lines Aylin Ivette Leon Chacon , <i>the Center for Research and Advanced Studies of the National Polytechnic Institute (CINVESTAV) of Mexico</i>

Speaker Slots available

Day 2 (March 17, 2026 Greenwich Mean Time (+00:00))

08:30-08:40

AV Check

08:40-09:15

Featured

Title: TBA

cho yeong cheol, *South Korea*

09:15-10:40

Featured

Title: occlusal management : the contribution of the new technologies

wahid hafssa oumayma, *Sidi Mohamed Ben Abdellah University, Morocco*

10:40-11:05

Featured

Title: Severe Early Childhood Caries: Multidisciplinary Management Illustrated by Two Cases

Fatima Ezzahra Elgasmi, *Sidi Mohamed Ben Abdellah University, Morocco*

11:05-12:30

Featured

Title: digital full dentures : CAD CAM combined surgical guides : from bone resection to immediate denture (case report)

Nidal Elmoutawakkil, *Sidi Mohamed Ben Abdellah University, Morocco*

12:30-12:55

Featured

Title: La Actuación De Los Agentes Odontológicos En El Proyecto Montes Claros Y En El Ippedasar: Prácticas Innovadoras Para La Consolidación De La Salud Bucal En El Sus

Ana Beatriz Galindo de Souza, *University in Montes Claros, Brazil*

12:55-13:20

Featured

Title: Uncovering kinase inhibitor resistance mechanisms via CRISPR-based mutagenesis

Jolien Timmermans, *Molecular Genetics and Therapeutics in Virology and Oncology Research Group, Belgium*

Speaker Slots Available
